Lumiance Instar Eco Kit LED 36° Adj 3000K Dim Borstad aluminium

Artikelnummer	3079452
EAN	8711971794523
Märke	Lumiance

Egenskaper

Brinntid (timmar)	30000	Färgtemperatur (Kelvin)	3000
Certifiering	CE	Håltagningsmått (i mm)	68
CRI (Ra)	83	IP-klass	IP23/20
E-nummer	74 753 21	Ljusfärg	Warm White
Effekt (W)	10	Spridningsvinkel (°)	36
Färg	Aluminium	Teknologi	LED

Produktbeskrivning

Upgraded with SunDim technology. No UV or IR radiations. Outstanding performance, up to 500lm - at 3,000K. Quick and easy to install with integrated LILO connectivity. 10-12W LED white downlights with high colour rendering (Up to 94 CRI). Comes complete and ready to install with a leading/trailing edge dimmable driver. Ideal for hospitality accent and display lighting applications such as bathrooms, wellness areas, terraces or porches. Available in white and brushed aluminium finishes. Energy efficient electronic and phase dimmable options. LED technology provides energy efficient solution and reduced maintenance costs. A faceted bright aluminium reflector perfectly emulates the look and feel of a halogen light source. Choice of warm white (3,000K), neutral white (4,000K) and amber white (2,700K), fixed and adjustable versions. A small 68mm round cut out is required, giving the ability to place your light source almost anywhere due to a shallow luminaire depth of 49.9mm.
