# Bright and colourful lamps for indoor and outdoor decoration

---

## ToLEDo™ Retro Chroma

ToLEDo Retro Chroma is a range of LED retrofit lamps with the most intense colours on the market. These sparkling, crystal-clear lamps use filament LED technology to give a high lumen output and are weatherproof for outdoor use.

# ToLEDo™ Retro Chroma

Sylvania is a pioneer in gas-cooled LED filament technology and continues this trend with the introduction of the new ToLEDo Retro Chroma coloured lamps for indoor and outdoor decorative applications.

Chroma lamps are different to other coloured LED lamps on the market today. These attractive crystal-clear bulbs use filament LED technology to give a sparkling and intense colour output. They are not coated with a plastic film or painted which can restrict light output and wear off over time. Instead the colour is emitted from the LED filament itself resulting in a much improved light output for long-life colour. These weatherproof lamps can be used inside or outside. Some of the many applications for these lamps include; gardens, theatres, music festivals, hotels and pub garden illumination.

## Features

- Each LED filament is coated with a unique coloured fluorescent phosphor creating the most intense and saturated colours on the market
- Clear outer A60 bulb ensuring no light losses due to absorption by painted glass bulbs, ensuring high lumen output
- Full glass construction with no external lacquer coating to peel or scratch off when used outdoors, ensuring long-life colour
- IP54 water/dust/dirt resistant
- Coloured lamp bases to help easily identify the various light colours
- Applications include; gardens, theatres, music festivals, hotels and pub garden illumination
- Independently tested for quality & safety (CE and UKCA)
- Engineered in Belgium, Made in China

## Product information

| Code                                     | Description                                | Voltage (V) | Power (W) | Luminous Flux (lm) | Luminous Efficacy (lm/W) | Colour  | Dominant Wavelength (nm) | Base | Finish | Average rated life (h) | Dimmable (Y/N) | IP Rating | Packaging Qty |
